

## **Sea 2 Sky Corporation Announces Veteran Management Team**

April 3, 2009- Ferndale, WA, Sea 2 Sky Corporation, (OTCBB: SSKY) a leading edge Renewable Bio-Energy Company focused on delivering alternative energy solutions to Fortune 1000 companies, Governmental agencies and Countries around the globe, announced today the composition of its management team. The Company is led by David Siebenga, a veteran lawyer who has dealt extensively with firms in the field of international immigration and trading to provide them greater access to global markets for their goods and services. Together with his seasoned management team, their mission is to seek and develop long-term strategic relationships with suppliers of alternative energy sources such as biomass wood pellets and to develop these products to a consistent specification that the target markets require to fulfill their energy needs with environmentally smart manufacturing facilities. The Sea 2 Sky executive management team consists of the following individuals:

### **David Siebenga- President and CEO, Director**

Mr. Siebenga is a lawyer admitted to the British Columbia Law Society who operates a legal and business consulting practice in BC. His law firm has handled over one billion dollars a year in trust funds for clients. His business background includes operating as CFO of an International Trading Corporation, an environmental industrial products corporation and has previously served as a CFO for a manufacturing facility and a financial development officer for an international land developer. David currently provides international consulting to firms in the immigration and trading who want access international markets for their goods. David joins Sea 2 Sky to work through the international aspects of distribution, contracting, sales and marketing of its biomass products.

### **Erik Odeen- Chief Financial Officer, Director**

Erik Odeen, CPA, CFE, has over 20 years experience in manufacturing operations, financial management, and public accounting. He resides in Newport Beach, California where he operates his consulting practice which provides accounting, financial management and advisory services to both public and privately-held company clients. More recently, Erik's focus has been complex accounting issues, corporate restructuring and reorganization, SEC reporting, and Sarbanes-Oxley compliance.

Erik's experience ranges from start-up and development stage to Fortune 100 companies, including turn-around and M&A engagements. During his 14 year career with International Paper, Erik was instrumental in the planning and implementation of financial and operating systems, and served in senior-level management positions with a division of XPEDX, IP's \$7 billion distribution arm. Erik is an active member of the American Institute of Certified Public Accountants (AICPA), the California Society of CPAs (CalCPA), and Association of Certified Fraud Examiners (ACFE). Erik brings his talents to the dynamic international trading platform and market of Sea 2 Sky.

### **Doug Robertson- Chief Operating Officer, Director**

Mr Robertson is a designated Project Management Professional (PMP). Doug has extensive experience in the resource procurement and harvesting, international log imports and exports, and financing and construction of foreign wood product manufacturing facilities. Doug has consulted to an American Tribal Economic Development Department. He is also a published author of forest resource issues in British Columbia. Doug's experience in working with American Indians

and Canadian First Nations forest practices is a benefit and asset to Sea 2 Sky as the Company can provide help to First Nations and Indigenous peoples to bring to market their biomass inventories in a way that is profitable and environmentally smart for all concerned.

### **Henry James- Founder and Chairman of the Board**

Mr. James is a senior tribal member of the Lummi Nation, USA. Having served in the US military and discharged in 1957, Henry is a service disabled veteran. Residing in Lummi Nation, Henry operates a James Trading Corporation (JTC) targeting government procurement via its SDVOB, in a HUB and Free Trade Zone status. A successful builder and developer, Henry owns or controls over 50 million dollars in property under development and operates a successful international trading company utilizing his special access designations for US government contracting. Seeing a need to produce environmentally wise energy, Henry being understood as a successful Native Entrepreneur has connections and ability to work through Sea 2 Sky with First Nations and indigenous communities in Canada, the US and abroad to provide a wise new direction in energy supply and access to Biomass pellets.

### **Ira Steiner- Marketing Director**

Ira Steiner, who is a partner in his Families Forestry program in Oberau, Austria has extensive experience in the trading and marketing of Forest Products between North and South America, Europe and Asia. He has sold and traded a total of close to \$ 500,000,000 over the last 2 Decades. He has a long career in which he has worked closely with many First Nation Bands in British Columbia.

Ira is multilingual, which allows him easy access to the European marketplace. His European contacts and appreciation of European culture allows him to effectively represent Sea 2 Sky in this market.

### **Ed Hoessman- Technical Research Manager**

Since 1980, Ed has been a government programs consultant for a wide variety of national and international companies and has **facilitated the acquisition of over \$9 billion, in US Government contracts.**

With more than 40 years of government programs experience, Ed reads, writes and speaks 'government' like a true native. After years spent negotiating face-to-face with procurement agents in Washington, DC, Ed knows precisely how to navigate governmental 'red-tape' - ensuring that unnecessary, and costly delays, and income draining pitfalls are avoided while securing cost-effective and profit-building government contracts.

Ed has developed and **secured DOD, Federal, NATO and Foreign Military Sales (FMS) contracts world-wide.** For the last 25 years, Ed has consulted for prime contractors, major sub-contractors, vendors and suppliers. Recently, Ed was a national trainer for the SBA and a WA State and Federal Government procurement program speaker and trainer. Ed joins Sea 2 Sky as an employee working to fulfill the US government's alternative fuel initiative by promoting Sea 2 Sky biomass options into the US Energy Sector.

### **About Sea 2 Sky Corporation**
